This product is a locator index that may be used exclusively to identify potential previous names and addresses the applicant may have used and to obtain the applicant's date of birth and verify the applicant's Social Security Number. The results of a search shall not be used directly for the purpose of making employment decisions. However, the results may be used to broaden the scope of employment related background checks to include additional jurisdictions and names beyond those that the applicant disclosed and to narrow the background check by including the applicant's date of birth in those cases where this information is not obtained from the applicant. The results of these expanded background checks may be used for making employment decisions in accordance with the FCRA and applicable state and local statutes. Important: The Public Records and commercially available data sources used in this system may have errors. Data is sometimes entered poorly, processed incorrectly and is generally not free from defect. This system should not be relied upon as definitively accurate.
